3-LAYER CONSTRUCTION

 Clopay<sup>®</sup>

America's Favorite Garage Doors<sup>®</sup>

Model GD2SU with Ultra-Grain<sup>®</sup> Oak Medium Finish Paint Option

# GALLERY<sup>®</sup> collection

The Gallery<sup>®</sup> Collection three-layer construction provides exceptional strength, energy efficiency and dent resistance as well as a beautiful carriage house appearance. The 2" or 1-3/8" thickness of Intellicore<sup>®</sup> polyurethane or bonded polystyrene insulation and thermal break makes these doors heat and cold resistant while the tongue-and-groove joint helps seal out wind, rain and snow. Available in short and long panels with multiple window options, the three-layer Gallery<sup>®</sup> Collection is virtually maintenance-free, so the first fabulous impression becomes a lasting impression.

**intellicore<sup>®</sup>**  
insulation technology

## Warmer. Quieter. Stronger.

Gallery<sup>®</sup> Collection doors featuring Intellicore<sup>®</sup> insulation technology represent the ultimate smart choice for homeowners. Clopay's Intellicore<sup>®</sup> is a proprietary polyurethane foam that is injected into a garage door, expanding to fill the entire structure. The result is a door with incredible strength and durability. Its dense insulation also produces a quieter door, and with one of the industry's leading R-values of 18.4, it provides year-round comfort and improved energy efficiency. Smart, indeed.
